1. Purpose and Scope

This document defines the Responsible, Accountable, Consulted, and Informed (RACI) assignments for each step of the Order-to-Cash process within Opella Europe. It provides a single reference for process ownership, escalation authority, and inter-functional coordination requirements.

This RACI is the authoritative reference for O2C process accountability and must be read in conjunction with the Order Management SOP (OPS-EU-CS-SOP-001) and the Credit Management Policy (OPS-EU-FIN-POL-002).

RACI Key

- R = Responsible: The role that performs the task or produces the output.
- A = Accountable: The role that owns the outcome and approves the deliverable.
Only one A per process step.
- C = Consulted: The role whose input is required before the step is completed.
- I = Informed: The role that must be notified when the step is completed or when its outcome is known.

2. Roles in Scope

Role		Current Post-holder	O2C Responsibility Summary
Customer Representative (CSR)	Service	CS Team (4 FTE)	Day-to-day order processing: receipt, validation, confirmation, monitoring, and first-line customer query resolution.
Customer Service Team Lead		Alina Kovacs	Operational oversight of CS function. Second-level escalation. SOP maintenance. Monthly KPI reporting.
Credit Controller		Raj Patel	All credit-related decisions: limit maintenance, credit hold releases, overdue collections, AR reporting.
Account Manager (AM)		Multiple (by market)	Commercial relationship ownership. Credit limit review requests. MOQ exception approvals. Strategic escalation management.
DC Operations		DC Control Rooms (per market)	Order fulfilment: pick, pack, despatch, and partial shipment notification.
Finance Director		Marc Dupont	Final approval for credit decisions above Credit Controller tier. AR governance. Monthly Finance review.
VP Commercial Operations		Sophie Marchetti	Policy ownership. Strategic escalation. Board-level reporting.

3. O2C Process RACI Matrix

The RACI matrix below covers the full Order-to-Cash process for orders received through manual (telephone) and email channels. Each row represents a distinct process step. Column abbreviations: CSR = Customer Service Representative; CS TL = CS Team Lead; CC = Credit Controller; AM = Account Manager; DC = DC Operations; FD = Finance Director; VP = VP Commercial Ops.

SCOPE NOTE

This RACI covers Manual (telephone) and Email order channels only. EDI channel process steps are not included in this version of the RACI. Formal accountability assignments for EDI order processing will be documented upon completion of the EDI SOP currently under development (target: Q3 2025). Personnel handling EDI queries should refer to working notes OPS-EU-IT-WN-001 and contact the CS Team Lead for process guidance.

4. Governance and Review

4.1 RACI Maintenance

This RACI is owned by the VP Commercial Operations, Europe and must be reviewed annually or when there is a material change to the O2C process, organisation structure, or systems landscape. Proposed changes must be approved by the VP Commercial Operations and the Finance Director before taking effect.

4.2 Escalation Path

- For day-to-day process queries: CS Team Lead (A. Kovacs).
- For credit-related process queries: Credit Controller (R. Patel).
- For process ownership and governance: VP Commercial Operations (S. Marchetti).

4.3 EDI Process Documentation Status

The Order Management SOP (OPS-EU-CS-SOP-001, Section 1.3) notes that EDI order channel process documentation is under development with a target publication date of Q3 2025. This RACI will be updated at that time to include EDI-specific accountability assignments. Until that version is published, all EDI process accountability questions must be directed to the CS Team Lead.
